Medicinal Sinter

Step 1

Yunohana Soap 100g

Foaming
net
included

The ingredients in *Yunohana* Medicinal Sinter Soap thoroughly cleanses excessive sebum and other dirt from your skin as it moisturizes. It's as if you have just finished taking a bath. *Yunohana* Soap, made of medical charcoal through a traditional hot process method, is a mild soap that causes fewer allergic reactions.

Contains *Yunohana*
Medicinal Sinter

Step 2

Yunohana Mist Spray 95ml

The *Yunohana* Medicinal Sinter in this mist spray wraps your skin to moisturize and promotes skin metabolism. *Yunohana* Mist Spray is great for rough, dry skin and wrinkles. It also keeps skin moisturized in air-conditioned offices.

Medicinal Sinter

Step 3

Yunohana Body & Face Gel 150ml

This gel spreads evenly, and the moisture smoothly permeates your skin. The light, non-sticky texture protects your skin with a veil of moisturizing ingredients. *Yunohana* Body & Face Gel can be applied anytime, anywhere on your body.

How to use the Yunohana cosmetics series

Step 1

Gentle cleansing with Soap

After wetting your face with water, use the foaming net included with *Yunohana* Soap to create lather. Apply a generous amount of lather and wash your face gently. Thoroughly rinse lather from your face with cold or lukewarm water.

Making plenty
of lather

Step 2

Moisturizing with Mist Spray

After wiping the water from your face, spray some *Yunohana* Mist Spray on your palm, press with both palms and apply gently to your face to let the moisture permeate the skin. It can also be used as a lotion after applying makeup. *Yunohana* Mist Spray is recommended when your skin feels dry in air-conditioned rooms or to touch up makeup.

Gently applying
with your palms

Step 3

Sealing moisture in with Body & Face Gel

Place an amount of gel the size of an adzuki bean on your palm, and spread over your entire face. Then, lightly press with your palms to allow the gel to be absorbed. *Yunohana* Body & Face Gel can be used as a milk lotion.

An amount the size of
an adzuki bean
